Funds for Work On Main Street Voted by Board

Allocation of \$2,300 for a roadway improvement project on Main Street north of 215th Street, Carson, was announced by Supervisor Burton W. Chace.

Work will consist of constructing pavement to join the new curb and gutter constructed under county supervision by subdivision activity in this area. It will be placed on the Los Angeles County Road Department's construction calendar pending completion of other portions of the current work load.

Supervisor Chace said "Main Street is a County Master Plan highway, with recent traffic surveys showing a daily average of more than 10,000 vehicles traveling on this arterial in this vicinity."
